AN INTERVIEW BY KOUROSH ZIABARI

## Adrian Salbuchi: Washington, London and Tel Aviv don't tolerate true democracy

Adrian Salbuchi is an internationally-renowned Argentine author, political analyst, speaker and radio/TV commentator. His articles are widely published and translated in different countries and he regularly appears on such TV channels and *Russia Today* and *Press TV* to comment on a variety of international issues. He is a regular contributor to the Montreal-based *Center for Research on Globalization* and the *New Dawn magazine*. He is also founder of the Second Republic Project in Argentina, which is expanding internationally.

Adrian Salbuchi

Salbuchi has always been one of my heroes in the Latin America and I've always wished to have the opportunity to conduct an in-depth interview with him on different international issues. My Spanish friend, co-warrior and activist Moises Herrezuelo who regularly translates my articles into Spanish kindly helped me in contacting Adrian Salbuchi and paved the way for the conduction of this interview.

In our conversation, I discussed with Adrian Salbuchi the dominance of the imperial power over the developing nations, the role of global Zionism in shaping the international politics, and the suffering of independent, non-aligned nations under the political, media and economic pressure of the United States and its allies.

*"I believe that the world's foremost problem lies in the fact that the United States of America, Britain and Allies have huge, albeit illegitimate power, so that today they rule the world; however Israel and Zionism rule the US, UK and EU,"* said Salbuchi in the concluding remarks of this interview.

What follows is the complete text of my interview with the Argentine writer and political analyst Adrian Salbuchi.

**Kourosh Ziabari:** In one of your articles, you raised an interesting point, that if people in the United States, France or Britain commit the mistake of choosing bad leaders, then they will not be the only ones affected by such a wrong electoral decision, but millions of people in other parts of the world will suffer from the consequences of that bad choice. What's the reason in your view? What's the source of such an enormous amount of power that enables the imperial powers to attack, invade, conquer and kill at will, without being held responsible?

**Adrian Salbuchi:** First and foremost, we need to understand that Real Power today does not just lie with Sovereign Nation-States but that, over and above, it has been usurped by a very small but extremely powerful and dangerous clique of Supra-National Global Private Power Masters that are deeply embedded into the public and private power structures of the United States, the United Kingdom, the European Union and just about every other State in the Western World.

These Global Power Masters operate from inside the US, UK and EU but are not of the US, UK and EU. They merely use and abuse these powerful nations to promote their own interests, objectives and agendas, notably their state-of-the-art war technologies, financial clout and military prowess to invade any country anywhere in the world they so desire. They do this not based on the real National Interest of the US, UK and EU, but on their own supranational interests. Within this global power structure Zionism is the key factor that, once understood, helps to explain most if not all of the dreadful things that are taking place in today's bleak, dark world. Actually, the Global Power Masters love and honor no nation's flag – whether of the US, UK, or the EU countries – except for one for which they permanently fight: the flag of Israel.

The source of that power is the combined ability of the Global Power Masters to use banking and finance as their key source of leverage; the media as their key instrument of psychological warfare; multinational corporations as their resource, industrial and technological platform; and all governments – notably the US, UK and EU – as their proxies for political, economic, financial, diplomatic and military intervention.

**Kourosh Ziabari:** You once quoted the book "Report from Iron Mountain on the Possibility and Desirability of Peace" as writing that "world peace is neither desirable nor in the best interests of society, because war not only serves important economic functions but also plays key social and cultural roles." Who benefits from waging wars, military expedition on the weaker and poorer countries and plundering their resources? Why do some powers see their survival and empowerment in going into war with the other nations?

**Adrian Salbuchi:** The "Report from Iron Mountain" very candidly explains the motivations behind today's New World Order even though it was written 45 years ago. Actually, the fact that it was written so long ago serves to prove how consistent their long-term planning really is.

The Global Power Masters have a hierarchical, pyramid-like power structure where things look different depending on the level of your vantage point on it.

Each "soldier" recruited (i.e., paid) to play their role for this New World Order operates on a "need to know basis" - as do intelligence agencies, for example. Since at the pinnacle of the power pyramid lie the Zionist and Jewish interests, they long-ago realized that they needed to implement a very sophisticated model and method of global domination. Otherwise, there would be no way that a tiny community of 16 million people (global Jewish population according to most official Jewish and Zionist sources) would be able to exert control over a planet with 7 billion people. Do the math: Jews barely represent 0.2% of global population; in other words 99.8% of Mankind is NOT Jewish and yet we not only live in countries where Zionist and Jewish influence is overwhelming – the US, UK, EU, Argentina, Brazil, Australia, Canada, Chile, Colombia, Mexico... – but our whole world's mental outlook, values and beliefs are becoming more Jewish day-by-day, thanks to their full control over three key global Psychological Warfare weapons in their hands:

- (a) The global mainstream media,
- (b) The education system in most countries, which they control by controlling governments, and
- (c) The so-called entertainment industry, beginning with its flagship, Hollywood.

**Kourosh Ziabari:** The 16th summit of the heads of state of the Non-Aligned Movement was held in Iran almost two months ago. I saw that you wrote an article about it. What do you think about this movement and the role it can play in resisting and countering the threats posed by the global superpowers to the developing nations? Can this movement promote itself as an alternative to the undemocratic structure of the United Nations which is in the hands of a few veto-yielding powers?

**Adrian Salbuchi:** As an Argentine follower of the very lucid political doctrine and teachings of our former president Juan Domingo Perón, I can only hail all countries that support treading a non-aligned path. When Perón first came to power in 1946, in a world that was just splitting into two major power blocks – the US and its allies, and the former USSR and its allies – Perón was the first Statesman to come out with what he called the "Third Position", i.e., Argentina would neither align with nor become subservient to the US nor the USSR.

He kept to his guns; Argentina became the key power in the region; in 1951 Perón started a movement towards political (not just economic) union with Brazil and Chile (dubbed the ABC Movement), but the global and local Powers That Be promptly had him ousted by treacherous liberal pro-US military Argentine army and navy officers in September 1955. At the time, Winston Churchill was Prime Minister of Britain and is quoted to have said in Parliament that "*the ouster of the Tyrant Perón is the most important event for Britain since we won World War II*".

Ever since then, Argentine has slumped into greater and greater decay and decadence down to our present horrific predicament under the Kirchner Government who call themselves "*Peronists*" but are, in fact, the complete opposite: they as Social Democrats.

Now the Non-Aligned Movement has had many internal changes and challenges. It has tried to adapt as best it could as the Cold War years went on and as governments in each member country changed. It has been a contradictory movement which was all but scrapped after the demise of the USSR, however now many countries are coming to realize that Non-Alignment's new definition would be: ***"Non-Alignment with the Supra-National Power Masters and their Zionist Controllers"***.

There lies the key *foreign policy decision* that every country needs to make, and that includes the US and UK.

Thankfully, and for different reasons, two key global powers have chosen to put a brake on the global Western Hegemons: a reborn Russia and a streaming-forwards China.

We see this today in Syria and also in Iran. Thank God Vladimir Putin is still in power in Russia even if only for the purpose of maintaining this geopolitical balance of power.

The Non-Aligned Movement is not, however, the organization our countries really need. It can, however, serve as a transition so that the "*flame won't go out*" of the Non-Alignment Movement, but we need to erect this in a much more forceful manner so that a new truly Independent Free Nations of the World Entity gradually sweeps away today's totally useless United Nations.

Russia, China, Iran, India and Brazil are the key countries for such a new multinational organization, followed and supported by regional confederations of countries in Africa, Latin America, Central Europe and Asia.

**Kourosh Ziabari:** *The Global War on Terror marked the commencement of a new era in the world's political developments. As a result of this deadly campaign, thousands, if not millions, of people lost their lives, thousands of others were orphaned, displaced and forced to immigrate. Many political commentators see this War on Terror as a war on the developing nations and*

*more particularly, a war on Islam and Muslims. What's your assessment of the War on Terror, which seems to be underway thus far, its consequences and results?*

**Adrian Salbuchi:** The only War on Terror I can understand is the war that free and peaceful nations today wage as we are all systematically attacked on the political, financial, PsyWar, diplomatic and military fronts by the US, UK, NATO and Israel. Israel is the foremost terrorist entity in the world.

A little bit of history: Israel was born out of terrorist organizations whose leaders then went on to become their political establishment.

Terrorist group "*Irgun Zvai Leumi*" led by Menahem Begin bomb-attacked the King David Hotel in Jerusalem in 1947 killing almost a hundred people, marking the first such bomb attack on an occupied public building in modern history, that was later repeated countless times including the Israeli Embassy and AMIA Jewish Mutual bomb attacks in Argentina in 1992 and 1994, and the September 11 attacks in New York.

Terrorist "*Stern*" Group led by Itzakh Shamir assassinated UN Special Envoy Folke Bernadotte in 1948 because he wanted to ensure the Palestinians had their own Nation-State.

Terror militias "*Haganah*" and "*Lehi*" killed, maimed and forcibly drove millions of Palestinians from their historical lands. These terror organizations merged in 1948 to become Israel's Armed Forces, hypocritically dubbed "*Defense Force*".

The Global Power Masters' present War on Islam has two key components:

(1) Geopolitically, they need to grab Arab territory in Palestine to safeguard Israel; and in Libya, Iraq, and Afghanistan to safeguard oil and – very importantly – they cannot tolerate a powerful Iran unmasking them permanently.

(2) Philosophically, Islam is a religion that places Divinity – Allah – at the center of man's existence whilst the Global Power Masters impose Money and Gold at the center of man's life. They have their own Demiurge which they call YHWH which is what most other people identify with Satan. Materialism in the West reigns supreme which means they cannot tolerate a culture like Islam where men's consciences cannot be bought and sold for money.

**Kourosh Ziabari:** *In one of your articles, you pointed to examples of different skyscrapers and tall towers in countries such as Russia, Venezuela and Spain taking fire and suffering considerable damages. You, however, mentioned that these towers did not collapse the way the Twin Towers of the World Trade Center broke apart as the hijacked planes of the American Airlines Flight 11 and United Airlines Flight 175 crashed into them one after the other on September 11, 2001. Do you want to conclude that the 9/11 events was a*

premeditated false flag operation? Do you share the viewpoints of people such as David Ray Griffin or Peter Dale Scott that the Israeli regime was also involved in the attacks?

**Adrian Salbuchi:** Oh, absolutely. The collapse of the World Trade Center – especially of Tower 7 that was not hit by any airplane and yet perfectly and neatly collapsed into its own fingerprint on that dreadful day – defies the laws of physics and basic common sense.

In the US, there are associations of architects, physicists, chemists, engineers, airplane pilots all demanding to know the truth about 9/11 because the "*official government story*" is totally absurd.

They accuse those of us who unmask the Global Power Masters and Zionism as "*conspiracy theorists*," and yet they impose upon the world the "*Number One Absurd Conspiracy Theory*": 19 allegedly "*Muslim*" suicide pilots who could hardly fly single-engine propeller Cessna's, easily hijack 4 jetliners with plastic knives (!) over the most secure airspace in the world, ram 2 of those jets into the WTC and third one into the most guarded building in the world – the Pentagon – with uncanny precision and at high speed, whilst the fourth one "*crashes*" into a field but leaves no debris; and all of this masterminded and controlled by some nut hiding in a cave in Afghanistan; who is "*captured*" ten years later, killed and, oops!! We dropped his body into the sea...!"

Can you imagine something more stupid than that? And yet that is what mainstream Americans believe – Homer Simpson is a good archetype of their class. This fairy tale allowed Bush and Obama more than a decade of war, destroying Afghanistan, Iraq, which Baby Bush himself admitted had nothing to do with 9/11, Libya and other free countries in the Muslim World. Also, every time an event like 9/11 occurs, there are two key questions we must ask: (a) Who Benefits from the attack, and (b) Follow the money trail...

Clearly the Muslim world has been the key victim of 9/11; Israel however got the US and NATO to fight its proxy wars against Iraq, Afghanistan, Libya and now they're aiming at Syria and Iran. No wonder the folks who prepared the "*War on Terror*" myth are the same ones who in the late nineties prepared strategy documents for Israeli Prime Minister Benjamin Netanyahu, Douglas Feith, David Wurmser, Paul Wolfowitz and others, and, more importantly, prepared PNAC (Project for a New American Century) which is a veritable blueprint for the conquest of the whole Muslim World adopted as official foreign policy Baby Bush as those same planners then became his key Pentagon and State Department officials.

**Kourosh Ziabari:** What's your viewpoint regarding the underground detention facilities which the United States set up after the 9/11

attacks in Guantanamo bay in Cuba and Abu Ghraib in Iraq? There have been several reports of inhumane torturing and abusing of the detainees who are being held there without legal proceedings and under false pretexts. What's your viewpoint?

**Adrian Salbuchi:** This is typical of the double standards maintained by the US in just about everything they do. They speak about the "*rule of law*" but then kidnap, arrest and jail people without any legal framework whatsoever. They speak about "*human rights*" but then torture and water-board people to get them to "*confess*" just as the Inquisition did centuries ago. They speak about "*democracy*" but their own government is now clamping down violently on any American citizen that begins to wake and speak up against the fact they are now living in a police state.

**Kourosh Ziabari:** Countries such as Iran, Cuba, Venezuela and Syria which have come under the fire of the United States' psychological and economic warfare are paying the price for their independence and disobedience to the policies of the superpowers. Are these countries and other nations targeted by the America's Total War, as you put it in one of your articles, the victims of their non-alignment with Washington and its allies?

**Adrian Salbuchi:** Yes. Washington, London and Tel Aviv do not tolerate any country that decides to live under a true Democracy (not the "*Made in USA*" Bush-Clinton-Obama version), and who want to live their own religious, cultural, moral and political values, which requires they reject all the poison, decay and perversion that Hollywood and the Western Media vomit on the entire world through decadent TV, movies and the press.

Baby Bush was honest about this when he said in October 2001 that every nation had a decision to make, "*You're either with us or you're with the terrorists*." The point is that US and its allies are the main platform from where the Global Power Masters make Total War on all of Mankind, including their own people.

**Kourosh Ziabari:** What's your viewpoint regarding the massive propaganda campaign against Iran over its nuclear program? The Western public sees Iran in the light of stereotypes and clichés which the mainstream media have created of Iran. They are simply unaware of Iran's rich culture, history, civilization and traditions. What's your take on that? How is it possible to acquaint the world with the concealed realities of Iran?

**Adrian Salbuchi:** That is a very tough problem because, as I say above, one of the Global Power Master's greatest victories consists in the dumping-down of national populations the world over, especially in the US. Ignorance thus reigns supreme today amongst all populations, which means they can be easily duped into supporting wars against foreign countries they know

absolutely nothing about. Of course, since they are maintained in a hypnotic state by the media they never actually realize this... Not yet, anyway.

That's why the main counter-movement that we can all do from each and every country in the world - even from inside the US, Britain and Europe - is to show the other side of the coin, to make people listen to the other bell; to explain, educate, and show them evidence that the Truth lies elsewhere, and that they are being led by nose by these global Pied Pipers into a deep sea where they are being purposely drowned in ignorance.

One last point, if I may: often, very complex problems can be reduced to one simple formula which then helps us to better understand the whole.

I believe that the world's foremost problem lies in the fact that the United States of America, Britain and Allies have huge, albeit illegitimate power, so that today they rule the world; however Israel and Zionism rule the US, UK and EU.

When people grasp this simple concept - **US/UK/Allies run the world, but Israel/Zion**

**run the US/UK/Allies** - then the daily news reports become that much easier to understand.

*"Ninety-five percent of the work of the intelligence agencies around the world is deception and disinformation," von Bülow said, which is widely propagated in the mainstream media creating an accepted version of events. "Journalists don't even raise the simplest questions," he said, adding, "those who differ are labeled as crazy."*

--From the online article "[9-11, Mossad, the CIA and 'False Flag Operations'](#)"

*"Israelis love their Shoah [Holocaust], for the Shoah is no doubt their best selling Hasbara (propaganda) product. It somehow allows them to kill en masse and to do it indistinguishably while insisting that it is they who happen to be the victims."*

--[PM Netanyahu's UN Speech – The Pathology Of Evil](#)." By Gilad Atzmon September 29, 2009

In October 2008 we were beset with a terrible shock. Dr. Fredrick Toben, an Australian citizen and fellow 9/11 Truth Activist, was arrested while passing through London Heathrow's Air Port simply for stating his opinions on historical issues on the Internet. In this case, the arrest dealt with a German EU arrest warrant issued over his willingness to question irresponsible Jewish exaggerations and embellishments pertaining to the "Holocaust" story. Toben had previously visited Capt. May in his home in Houston in 2007 and supported Capt. May's work on his web site.

It was bad enough that British police were willing to arrest a man for his political opinions. However, we could easily imagine how things could get even worse. If national sovereignty and citizen rights have become such a joke that an Australian citizen can be nabbed in London Airport over a German warrant, what is to prevent a day from coming where police will try to arrest 9/11 Truth activists in their homes in America because of something they publish on the Internet that someone in some other country (starting with Israel, of course) does not like?

As a matter of fact, American police did arrest Ernst Zündel, a Holocaust skeptic, at his home in Tennessee on a German warrant, and deport him to Germany where he was tried and imprisoned. They also arrested and deported Germar Rudolf in his American home and deported him for trial and imprisonment as well.

These individuals had a tad less legal protection than people born and raised in America. Although they were married to U.S. citizens, both Zündel and Rudolf were born in Germany and qualified as first generation immigrants. Still, the reader should be able to see where this trend could lead some day, particularly after my discussion in [Chapter 31](#) about Department of Homeland Security initiatives to brand a wide range of conservative Americans as potential terrorists.

Last, but not least, we could clearly see how these thought control measures relate to the deification of raw Jewish power, and efforts to suppress public knowledge of the Mossad-CIA orchestration of 9/11 and other false flag attacks.

Many political writers have observed how the Holocaust story serves as the ultimate weapon to justify the Jewish state, an intellectual black jack that Zionists freely employ to promote extreme feelings of white guilt. The Jews have gone well beyond parlaying this into hundreds of billions of reparations dollars paid by Germany. In terms of total direct and indirect aid costs, Israel has extracted over three trillion dollars worth of support out of the U.S. A.

Jewish writer Norman Finkelstein has also documented in his book [\*The Holocaust Industry: Reflections on the Exploitation of Jewish Suffering\*](#) how professional "Holocaust survivors" scam billions from the public. In his book [\*Gold Wars: The Battle Against Sound Money As Seen From A Swiss Perspective\*](#) former Rothschild banker Ferdinand Lips described how leading world Zionist leaders made deliberately bogus charges against

the Swiss as part of a campaign to knock Switzerland off the gold standard and score undeserved reparations.

The Holocaust religion promoted by Jewish groups has become a vital Strategic PSYOP for Zionism. "PSYOP" means "Psychological Operations" or propaganda warfare (or disinformation) employed for hostile purposes. It is "strategic" because it indirectly suppresses all criticism or resistance to Jews, ranging from publicly identifying the Mossad-CIA role in 9/11 to any form of white nationalist philosophy that might impede global Zionist power.

Certainly one implication of the Holocaust intellectual blackjack is the idea that if anyone resists Jewish lies and demands for payoffs, one is automatically an "anti-Semite" and is therefore trying to move society in the direction of some day rounding up all Jews, throwing them into concentration camps, and exterminating them all. Therefore, the world owes the Jews a highly privileged living, should treat them like gods, and give them a free pass on all their worst behavior. Expressed differently, a major reason why we had the 9/11 inside job in the first place is because

Americans failed to act as adequate "counter predators" to stop the "Holocaust" mythology "predator" operation to begin with. Americans failed to challenge the lies before they spread like a cancer and became institutionalized, such as in the Holocaust Museum in Washington, D.C.

Remember, we are dealing with a psychopathic power elite. An important characteristic of psychopaths is that whenever they are in the "down" position, they will stop at nothing to lick ones boots. This is because they have no real pride or consistent set of internalized principles. Conversely, when they are in the "up" position of power over you, they will not hesitate to put their boots in ones face and tell the worst lies if they think they can get away with it. Once again, they have no consistent set of internalized principles to restrain their exercise of power. They rarely if ever feel any genuine sense of either gratitude or shame. In fact, if left unchecked, they are capable of unlimited evil.

Appeasement is usually perceived by psychopaths as weakness. It usually just eggs them on. After all the trillions America has lavished on Israel, its leaders respect Americans even less today than they did fifty years ago, as evidenced by all the continuing false flag operations documented in this *Mission of Conscience* series.

If Americans continue act as suckers for not only irresponsible Holocaust exaggerations, but also the "G.W.O.T.," this will egg on America's psychopathic power elite to create even bigger and more dangerous deceptions that will do even more damage to America, if such is possible.

Although this ranks as one of the most unpleasant chapters to write in the whole *Mission of Conscience* series, I am left with this "Go Ahead!"

Go ahead!!!" feeling, reminiscent of the lines spoken by Michael (actor Robert De Niro) to Nick (Chris Walken) while being forced to play Russian Roulette by their Viet Cong captors in the movie *Deer Hunter*. Bottom line, there is no way we are going to break out of the propaganda Matrix of lies created by Alien and Predator --and put a stake through the heart of false flag attacks and enemy Info War-- until we deal with the biggest lies of all like the Holocaustianity PSYOP issue, no matter how unpleasant this task may be. I use the term "strategic PSYOP" in the same sense as the distinction between "tactical" and "strategic" in military operations. For example, if you are a frontline infantry officer in time of war worried about being overwhelmed by enemy tanks, your "tactical" weapons might include hand-held anti-weapon weapons designed to knock out specific tanks you can see within your defense zone. In contrast, strategic weapons might include Air Force bombers that take out enemy ball bearing plants that comprise a major constraint on enemy tank production. Strategic weapons would tend to generally reduce the overall number of enemy tanks, without necessarily reducing the number of tanks you as an infantry officer might face on your own particular front.

Similarly, as a strategic PSYOP, Holocaust-related guilt programs promoted by Zionists enhance a general climate of intellectual intimidation against any public criticism of bad Jewish behavior. They generally impair the ability of traditional American conservative groups concerned about America's dwindling white population to develop effective political organizations and exercise their Constitutional rights in the face of Jewish aggression.

The Holocaust story has become a virtual religion, and as such has arguably become one of the most powerful Info War PSYOP weapons every created. Willis Carto, publisher of *The American Free Press*, made note of this in the Afterword he wrote titled "Why Is 'The Holocaust Important?'" to *Best Witness* prior to publication of the book in 1994:

#### **WHAT IS "THE HOLOCAUST"?**

The question is often asked of Holocaust revisionists by the naive, "Why are you bothered by 'The Holocaust,' which is ancient history? You must be a little crazy to doubt it; do you also believe the Earth is flat? Are you a violent anti-Semite to doubt all the eyewitnesses? Everybody in their right mind accepts it. Let people like Mel Mermelstein have their holocaust if they want it. What's the difference? . . .

The common perception of "The Holocaust" is what is important, not the definition of it (as found in Chapter Three) because perception, not reality is the stock in trade of all salesmen, advertisers, public relations professionals, political campaign managers, "Holocaust" promoters and other merchandisers. People in the mass are moved by their perception of the truth, by deep and profound psychological motives and by authority, not by the truth itself, which is normally unknown to them.

Exploiting the moral sensibility and the feeling of guilt which is always close to the surface in Christians, Americans are constantly reminded that Israel rose "from the ashes of 'The Holocaust'" (etc.) and that it is their moral responsibility to continue to ensure "Israel's survival." Israel, we are assured, is "America's closest ally," and "the only democracy in the Middle East." The result is that American taxpayers continue to shell out billions each year as if buying modern-day indulgences. . . .

Quite literally, and without exaggeration, "The Holocaust" is a religion. The faithful vigorously reject any and all facts perceived as contrary to their faith and their ugly dogma has the internal consistency only of a revelation taken on faith, not a logical story based on commonly accepted facts, not what history is supposed to be. The alleged facts of "The Holocaust" are contradictory; its high priests cannot agree on the details even among themselves, which is why they frantically discourage debate and know nothing else other than to try to ignore or smear those wanting to confront them.

"The Holocaust" is a trigger concept that produces a Pavlovian response. By calling up an image implanted in the minds of the targeted subjects it induces a pliable attitude enabling the professionals who have implanted the image to manipulate the subjects. That the term has in reality little meaning which corresponds to the facts is immaterial; it is the religious attitude of guilt, worshipful horror and fear that counts. This

syndrome, which precisely fits Hitler's famous definition of the "Big Lie" in his *Mein Kampf*, has cost Americans far more than mere money and the cost increases daily...

"The Holocaust" is alive and growing, not dead and fading. It affects every American every hour of the day and more so today than yesterday. It impacts on every financial decision made by the government and on most decisions made by private parties. Like it or not, "The Holocaust" must be faced and questions must be asked. Continued acceptance of the image by the unthinking, or manipulation by the corrupt and/or cowardly, is no longer acceptable by conscientious and decent Americans, including Jews.

The ability of Jewish pressure groups to pressure the German legal system to conduct witch hunt trials of Holocaust skeptics, combined with the reluctance of individuals in high places across Western countries to refrain from challenging Jewish lies for fear of being called "anti-Semitic" is ultimately nothing more than a kowtow to raw Jewish power. On this level, it is no different than the Mongol practice of making subjugated Russian emissaries kowtow by falling on their faces before the court of their conquerors during the "Mongol Yoke" period in Russian history. The "Holocaust" marks the final "Jewish Yoke" period of American history, before the neo-Jacobin American empire eventually collapses like the former Soviet Union.

**kowtow**

The Holocaust story itself qualifies as a "soft" false flag operation from the way it has been overblown, just like the Von Brunn shooting incident that will be described later. A soft false flag operation so

greatly amplifies upon and twists kernels of truth that it possesses most of the characteristics of a regular false flag operation.

The Holocaust story itself has repeatedly shifted. Jewish groups at first said over two million died at Auschwitz, then later admitted the number is less than a million. [Extrapolation from records](#) captured by the Soviets or archived by the Red Cross and other sources estimate between 100,000 to 300,000 deaths at Auschwitz, with perhaps as few as 50,000 Jewish dead. (Other published sources have [ranged](#) from 9,000,000 to as little as 38,031 dead).

Initially Jewish groups claimed that Dachau near Munich was an extermination camp with gassings, and now admit that there were no extermination camps in Germany. In addition, now many scholars observe that the Germans used Zyklon B gassings to delouse their own soldiers as well as concentration camp inmates to prevent the spread of typhus from lice, and not for extermination. Lastly, Holocaust stories that Jews were turned into soap bars, lamp shades, and shrunken heads have now been [completely discredited](#).

There are even accounts surfacing now that completely contradict Jewish whoppers. The Germans provided a swimming pool and bordello at Auschwitz for Jewish "health and comfort." A Jewish hospital functioned in Berlin throughout the war. Jewish "holocaust survivor" and key activist Elie Wiesel voluntarily chose to join Germans in

retreat rather than wait for the advance of Soviets who "liberated" concentration camps. Jewish embellishment of their persecution to shamelessly milk public sympathy is a very old story that goes back to ancient times. An alert published by Capt. May, covered later in this chapter, addresses this issue.

Ironically, if Jews keep pushing irresponsible Holocaust exaggerations and other big lies, to include the 9/11 Global War on Terror mythology, this could ultimately backfire and validate the kind of "Nazi" attitude that Jews fear the most, namely that many Jews are a dangerously subversive and deceitful people who require separation for public safety purposes. People who play the victim card run the risk of arousing subconscious suspicions that there may be some valid reasons for the victimization. This is one reason why Nordic peoples, who I will discuss towards the end of this chapter, tend to act on the other end of the scale by emphasizing straight talk, stoicism, and modesty in their traditional cultures.

In Sept 2008, Capt. May developed pneumonia. He wound up in the hospital under intensive care for over a month. At one point he was so close to death that immediate members of his family were summoned to his bed side.

**Zyklon-B insecticide**, used to kill lice in the Auschwitz delousing chamber, (above) caused distinct blue staining on all the walls. This is the same poison Zionists claim was used to exterminate millions of jews in the notorious gas chambers. In 1990, Dr. Piper, top Auschwitz museum official (right) with The Institute of Forensic Research in Krakow, scientifically tested the walls of the gas chamber (below) and discovered no staining and near zero residue of anything toxic. This data is being withheld from the public.

**Truth Does Not Fear Investigation**

Fortunately, he pulled through. He was already at a stage of his ALS where over 80% of its victims are dead. Although Capt. May was too weak to speak, his wife read to him drafts that I created regarding the Toben alert. He nodded yes repeatedly. Yes, he agreed that something had to be done. Yes, he supports Dr. Toben's right to doubt elements of the Jewish Holocaust story. Yes, he approved my draft for publication with his name on it.

It was not hard to get Leon Smith, owner of the *Lone Star Iconoclast*, to publish the alert either. Leon Smith had already been a continuous

burr under King George Bush's saddle by publishing *The Iconoclast* in Crawford, Texas, literally only a few farm roads across from Bush's western White House. His basic position, also repeated in the Henrik Holappa case mentioned in [Chapter 23](#), is that he does not care what Toben thinks as long as he retains the right to express his views.

**In October, I published a co-authored work in *The Iconoclast*. I also sent it out to most members of the British, Scottish, Irish, and Australian Parliaments.**

## ***British Crackdown***

### **Threatens Us All**

**Maj. William B. Fox**  
**Dr. James H. Fetzer**  
**Capt. Eric H. May**

**D**r. Fredrick Toben, an Australian citizen and historical revisionist scholar, was arrested and imprisoned while passing through London's Heathrow Airport on Oct. 1. He was en route from the U.S. to Dubai. British authorities are trying to enforce an EU warrant issued by the German government that criminalizes anyone who publishes material online "of an anti-Semitic and/or revisionist nature."

Rev. Ted Pike, a major American pro-First Amendment activist, states in "[Toben Grabbed: International Hate Laws Bite Down](#)" that "Every American, especially Christians, should protest this outrageous attack on freedom of speech. Although most Americans do not think like Dr. Toben, his arrest is just a taste of what will come—for Americans like you and your family—if we do not defend freedom now."

In his article "[Extradition Will Make Dr. Toben a Martyr](#)," author Chris Huhne, British Liberal Democrat Shadow Home Secretary, may be squeamish about Toben's ideas, but he at least stands like a man for his civil liberties. He stated: "Dr Toben is accused in Germany but his offence is to post on an Australian web site. Germany has taken on itself the role of censor, because of the capacity to download content in Germany. It is hard to see where such an attempt to extend jurisdiction might end, or what its chilling effects on freedom of speech might ultimately be."

Indeed, if Dr. Toben gets deported to Germany, one can easily imagine how some day U.S. citizens changing planes in EU countries may also become vulnerable to jail time for expressing controversial opinions on the Internet. In fact, they may even get extradited from America without ever boarding a plane if current trends continue. [Ominous indictors include](#) Abu Ghraib torture, extraordinary rendition to places like Guantanamo, the Patriot Act, the Military Commissions Act, National Security Presidential Directive-51, domestic martial law exercises, and the proposed H.R. 1955 "Homegrown Terrorism and Violent Radicalization Act."

In "[Thanksgiving for Thought Crime](#)," Capt. Eric May noted that while proponents of H.R. 1955 claim that their purpose is "...nominally aimed against 'terrorists,' their real target is the Internet, which they conflate with everything from the militia movement, anarchism and anti-Semitism to Islamo-Fascism and terrorism."

In "[A Dawning Dictatorship?](#)" Capt. May described how the White House prevented Oregon Congressman Peter DeFazio from looking at secret annexes inside NSPD-51.

Lastly, consider the cases of [Ernst Zundel](#) and [Germar Rudolf](#). Although both individuals were born in Germany, they were living in America with spouses who were American citizens before they got deported back to Germany [and imprisoned](#) for their publicly stated views on Holocaust revisionism.

Two fundamental issues involved here are:

- The right of any individual to engage in scientific, rational inquiry on any issue.
- The preservation of national sovereignty to shield citizens from alien, irrational, or malevolent laws of foreign powers.

**Maj. William Fox**

**Dr. James Fetzer**

Regarding the first issue, consider Sylvia Stolz, a German defense lawyer who was prosecuted and imprisoned by a German court for zealously defending Holocaust revisionist Ernst Zundel. She accused the court of “fleeing the truth.” German free thinker Horst Mahler summed up this Orwellian affair as follows: “If Defendant A, who is charged with lying and must therefore be punished, presents evidence that he has told the truth, he is punished a second time, and this time his attorney is punished for defending him.”

Regarding the national sovereignty issue, Huhne points out that: “Dr. Toben has not committed an offence under British law or indeed under the law of 17 of the 27 European Union member states.” He also describes how Belgium has asserted its sovereignty by balking at deportation orders issued by fellow EU nation Poland involving such issues as abortion and euthanasia.

Dr. Toben is a free thinker who has fearlessly explored other important issues besides Holocaust revisionism. He ran one of the first web sites to archive works by Capt. Eric May that exposed 9/11 as a likely CIA-Mossad inside job. May also suggested that petrochemical explosions in the greater Houston area could be part of a dress rehearsal pattern for a repeated “9/11” terror event designed to justify war against Iran and domestic martial law.

The *Iconoclast* subsequently showed its concern for the patterns identified by Capt. May in its editorial “*Time to Investigate Houston is Now.*”

Dr. Fredrick Toben visiting Captain Eric H. May, stricken by terminal ALS, at May's home in Houston, TX, Oct 2007

**Dr. Toben also supported Capt. May's exposure of the 10-12-2002 Bali bombing as a likely Asian version of “9/11” probably executed by Israel's Mossad with passive or active support from elements of the CIA, MI-6, and Australian intelligence. The Australian government used this bombing as a pretext to pass repressive “anti-terror” laws and embroil itself along with the U.S. in Middle Eastern military adventures.**

Capt. May also views the March 11, 2004 Madrid and July 7, 2005 London bombings as more examples of false flag “terror fixes” designed to support the goals of certain interconnected power elites within America, Britain, and Israel. See more Capt. May archived at The Lone Star Iconoclast and also listed at America First Books.

The latest news on Dr. Toben's case can be found at [Lady Michele Renouf's web site](#). Another hearing will likely be held Nov. 11. This gives us additional time to mobilize global protest against this international outrage.

Please find more information on points of contact for protest in Rev Ted Pikes' article "[Toben Trial Delayed](#)." Please also see an overview of the general nature of thought crime threats in the [Rev. Ted Pike archive](#).

This alert was more suppressed than our other alerts. Patti Woodard, the Ghost Troop message board moderator, tried to post it twice to the Portland Indy media web site, and it got knocked off twice. I submitted it to OpEdNews, having already successfully submitted the prior Wall Street "Jokers Gone Wild" alert, and it got rejected.

I then posted it to my web site. Initially it showed up under both Google and Yahoo, but then a day later it disappeared from web search engines. It

only showed up at a posting made by Arthur Topham out of *Radical Press* and a *StormFront.org* posting that I made. Other postings made by Patti Woodard and myself were being blocked.

Undeterred, Patti kept posting the article at more than a dozen other sites. Although my web site posting remained blocked, we finally got up to a full page of the first Google search.

All of this meant to me that we were really hitting the enemy where it hurts. They would not try to suppress us if it weren't effective.

**H**olocaust historians claim Treblinka was a death camp where 870,000 Jews were put to death in gas chambers, and then buried in mass graves. In 1999, Richard Krege, a qualified electronics engineer, carried out a high tech exam of the soil.

**Ground Penetrating Radar** can detect minute earth disturbances and small objects up to 30 meters down.

After 3 weeks work the team found the ground has never been disturbed, and, core sample analysis revealed no ash. The results obtained by the researchers show with 100% certainty that mass graves never existed in the areas called Treblinka and Belzec. The Zionist manipulated creation of Israel was largely based on these alleged deaths, and several million more which supposedly occurred at Auschwitz.

Rev Ted Pike weighed in on this issue with his own take on Holocaust hysteria which I found effective:

### **“What ‘Toben’ and Holocaust Deniers Really Believe:”**

#### **What They Really Say**

Actually, Holocaust reductionists agree that a holocaust of 72 million dead worldwide did occur during World War II and Jews were a part of it; but not six million.

Reductionists don't deny that Hitler and Nazis hated Jews. The Nazis had experienced an abortive Jewish Bolshevik German coup in 1918-19 under Rosa Luxemburg; they knew Jewish activists and financiers had been behind world revolutionary attempts to overthrow Russia and western Christian civilization. They also knew this spirit of revolution emanated from Talmudic Judaism. As anti-Communists, the Nazis violently opposed Jewish left-wing activism. Toward that end, without Christian perspective and restraint, they persecuted and murdered countless Jews.

Yet, Holocaust reductionists contend that most Jewish victims died as a result of war's

devastation, not a systematic program of extermination. It is historical fact that in the last months of the war extreme food shortages caused near starvation in Germany. Massive typhus epidemics ravaged Axis detention camps. Reductionists say these influences, not just Nazi cruelty, were the largest causes of the horrific spectacle of emaciated prisoners and heaped-up bodies viewed by Allied deliverers.

Especially in World Wars I and II, tales of unspeakable atrocities were circulated by governments, media and military on both sides. This was to incite such rage in combatants that they could remorselessly machine gun or bayonet opponents who shared their own Christian, European heritage. Yet, during World War II Zionist-dominated media conditioned the Allies to believe Jews were being decimated. It is not

surprising then that Europe's liberators, arriving at Dachau, Auschwitz, etc. and viewing such scenes of horror, reflexively blamed a systematic Nazi murder campaign. Reductionists say gas chambers existed in the camps to fumigate the lice-bearing typhus-infested clothing of thousands of prisoners and staff, not to murder living Jews. They also point to an interview by Jewish researcher David Cole with the archives director of Auschwitz. He casually admits that the present "gas chambers" in Auschwitz I, which helped make Holocaust "believers" out of hundreds of millions until the 21st century, were actually built by the post-WWII occupying Russians in 1948. ([Download David Cole video here \[66MB\]](#)) Similarly, reductionists say crematoria were used to dispose mainly of typhus-diseased bodies, not to exterminate Jews. They point out that in the last years of the war Germany carefully guarded every ounce of fuel to energize the war effort; they would not waste it just for the fiendish pleasure of burning millions of Jewish bodies.

I have briefly stated the major reductionists' arguments, not necessarily to maintain them, a task which would require much greater documentation. Rather, I want to simply represent their position accurately—something Zionist-dominated and Christian media is not honest enough to do.

By November, Captain May was out of hospital, back at home, and able to speak and operate his computer by voice command once again. I traveled from my place at that time in South Bend, Washington to Capt. May's home in north Houston in late November and ended up staying at his place an entire month. Much of our work during that period will be covered in the next chapter.

Fortunately all the international flak raised over Dr. Toben's incarceration caused him to be released in November so that he could return to Australia. Dr. Toben commented on his 50 days of incarceration on Hesham Tillawi's current issues TV:

**Dr Toben 50 days in prison in London.**  
**Interview with Hesham Tillawi**  
<http://www.youtube.com/watch?v=Cg6goTwdnGk>

Unfortunately, the persecution of Dr. Toben was far from over. Australia's Jewish community descended upon Dr. Toben again with continued

persecution, as reflected in the following 28 April video:

### **Frederick Töben after penalty submissions made on 28 April 2009**

**Narrator:** Local academic Toben, notorious for denying the Holocaust, has apologized to the Federal Court for refusing to remove anti-Semitic material from his web site. But he is still facing a huge fine or prison for contempt.

**Second Narrator:** Dr. of Philosophy Frederick Toben has been found guilty of twenty four charges of contempt for breaching court orders forbidding him from publishing anti-Semitic material on his web site. In the Federal court this morning, for the first time, he apologized and promised to remove the offending material.

**Dr. Frederick Toben** (being interviewed). "What we have is an apology to the court for having upset the court. And the web site will continue. But it will not feature, well, I will have to seek advice on this.

**Narrator:** "This afternoon, it appeared he complied. In court, he explained, it wasn't easy." "For me, telling the truth and obeying the law is a difficult thing to do."

**Narrator:** The court can either fine or imprison Dr. Toben, but he says he has no assets to pay any fine, let alone the \$220,000 in costs that are being sought. So prison is a very real prospect.

**Dr. Toben:** So if we in Australia lose free expression, where our thoughts and our opinions are criminalized, we may as well be dead.

**Narrator:** You will find out his fate next month.

The Wikipedia entry for Jan 2010 gives us the rest of the story as of the date of this book:

Töben has frequently been called a Holocaust denier, <sup>[4][5]</sup> and has been accused of antisemitism, <sup>[6]</sup> although he regularly denies these assertions. He was convicted of "offending the memory of the dead" in Germany in 1999, for his Holocaust-denial activity there, for which he served seven months in prison. <sup>[7]</sup> In April 2009, Töben was found guilty of contempt of court for breaching a court order to refrain from publishing material which "viliifies Jewish people". <sup>[8]</sup> He appealed against the sentence, but on 13 August 2009 The Full Court of the Federal Court of Australia rejected his appeal, and he started his 3 month jail sentence. <sup>[9]</sup>

\*

The reader should note the use of the propagandistic terms "Holocaust denier" used by Australia's controlled media.

For starters, the term "Holocaust" originally meant "burnt offering." This gives the confinement of Jews in German internment camps a catastrophic religious connotation that is very subjective in nature, and may or may not be in accord with the facts. After all, as Alexander Solzhenitsyn observes in Two Hundred Years Together, over 75% of the

Communists responsible for the mass murder of some 60 million Russians and Ukrainians were Jews.

Perhaps the Germans confined a number of Jews to internment camps who were in fact highly psychopathic, treasonous, subversive, and dangerous individuals, not a whole different from the Zionist neocons who orchestrated 9/11 and who are setting up America to get "Stalingraded" in the Middle East today (see [Chapter 37](#)). Nor have Israeli soldiers who ghoulishly kidnapped Palestinians to steal their organs attained the moral high ground, not to mention the Jews who run organized crime in America or the Israelis who run the global white slave trade from the "Holy Land."

Furthermore, should the internment of over 110,000 Japanese Americans by FDR during WWII, or the internment of millions of German civilians and POW's by the Soviets both during and after WWII (often with a very high death rate) also be called a "Holocaust"?

What about current plans by the Zionist power elite to achieve global population reduction through false flag pandemics - see [Chapter 36](#) or place a substantial portion of the U.S. population in FEMA camps - see [Chapter 31](#). Should we consider *their* attempts to exterminate or confine *us* a "Holocaust" as well?

And why does Abraham Foxman, head of the Jewish ADL, sneer at Armenian efforts to have the world recognize their genocide at the hands of the Turks [and Jews](#)? Is it that Armenians, Russians, Ukrainians, Germans, and other Gentiles must be

considered subhuman "cattle" - or "goyim" - who do not deserve recognition for their suffering, whereas the entire world somehow owes Jews a living and must worship them instead as some kind of divine, self-anointed, self-Chosen Master Race of Old Yahweh?

Dr. Toben does not "deny" that Jews suffered a high level of fatalities within German internment camps. He simply questions the number of deaths and circumstances under which many Jews died. Despite this, controlled news sources create the false impression that Toben apologized for his views, when in fact he simply apologized for upsetting the court. There was no effort in news stories to examine the actual facts behind the Holocaust-related issues that Toben addresses.

Between February and June 2009, Capt. May wrote about the Holocaust PSYOPs side of the Info War. First, he published a series of three articles in February stemming from Jewish attempts to dictate to the Catholic Church how to run their own affairs.

I have reproduced these three articles below, namely his 3 Feb 2009 article "[The Panzer Pope and Holocaust Heresy](#)," his 6 Feb 2009 article "[Questioning The Protocols of Zion](#)," and his 9 Feb 2009 article "[Double Trouble for Holocaust Heretics! — An article review with links —](#)."

I think all three of these articles taken together, along with additional references that I provided, provided an excellent "intellectual rabbit hole" into one of the greatest PSYOPs in history.

# Töben Grabbed: International Hate Laws Bite Down

By Rev Ted Pike  
6 October 2008

About four years ago, much of the world was shocked when three controversial historians were seized and imprisoned by "anti-hate" thought police. Holocaust reductionists Ernst Zündel, Germar Rudolf, and David Irving all served jail time for the "speech crime" of suggesting the total number of Jewish dead in World War II might not be six million or necessarily caused by gas chambers.

On October 1, well-known historian Dr. Fredrick Töben, an Australian, was seized for the same "crime" at London's Heathrow airport. He is now being held and will probably be deported to Germany. There, he faces almost certain conviction and imprisonment.

How will we respond to this latest assault on the free speech liberties of us all? There is not much time to answer that question. Töben's bail hearing is October 10. His final hearing is October 17. [Editor's Note: This has been postponed to Oct 29th]. If he is delivered to German authorities, there is virtually no hope for his freedom.

Every American, especially Christians, should protest this outrageous attack on freedom of speech. Although most Americans do not think like Dr. Toben, his arrest is just a taste of what will come—for Americans like you and your family—if we do not defend freedom now.

#### **International Hate Crime Enforcement**

Töben's case is a terrifying precedent. He did not commit a crime in Germany, so why is he being deported? A European Union (EU) warrant says that because his writings have traveled by internet into Germany, he violated German speech laws! This means an international warrant may be served against a person because his "internet presence" is everywhere. England does not yet forbid questioning the numbers and methods of the Holocaust, but it is cooperating with the EU. It claims it is treaty-bound to deliver anyone EU requests.

Töben's arrest is also an ominous precedent because he faces deportation and trial for the "crime" of anti-Semitism. Anti-Semitism is loosely - and falsely - defined by society and even modern dictionaries as criticism of Jews or matters Jewish. See, [What is Anti-Semitism?](#) Jewish watchdog groups such as the Anti-Defamation League – ADL - use it as a smear term to silence opposition. Now, incredibly, governments of Europe wield it as a basis for arrest, deportation, and imprisonment.

#### **Germany: History of Twisted Hate Laws**

Dr. Töben was seized for exercising free speech and free thought because of a dark agenda. After the Third Reich collapsed in 1945, Jewish activists saddled post-WWII Germany with thought crime laws so stringent that anyone who doubted the 6-million figure—even an overheard Australian

tourist—could be arrested and jailed. This happened to Dr. Töben in Germany in 1999; he spent seven months in prison for expressing his views to German citizens.

Israel's Knesset continues to ponder legislation that would empower Israel to demand deportation to Israel for trial of anyone who publicly doubts the 6-million figure. The ultimate objective of ADL-inspired hate and thought crime laws is to make "anti-Semitism" an internationally indictable offense. Watch, [Hate Laws: Making Criminals of Christians](#). Their goal is to internationally enforce the definition of "anti-Semitism" now held by the U.S. State Dept.'s Office of Global Anti-Semitism.

According to this definition, the New Testament's claim that Jewish leaders killed Christ is anti-Semitic! Unthinkably, this puts a hate crime noose around tens of millions of Bible-believing Christians. See, [US Government Condemns 'Unintentional' Anti-Semitism](#).

#### **Are Christians "Domestic Terrorists"?**

Ernst Zündel was deported to Germany by Canada on the charge of being a "domestic terrorist" because he questioned establishment history about the Holocaust. Sen. Edward Kennedy, ADL, and now the FBI allege that "hate crimes" are a form of domestic terrorism. See, [FBI: Rising Hate Law Gestapo?](#). In Canada, it's a hate crime to publicly allege Jews had Christ killed; it is punishable by at least a \$5,000 fine, with imprisonment for repeat offense. In the US, Bible-believing Christians, considered anti-Semitic by our own government, could similarly become "hate criminals." The next step is to also be labeled domestic terrorists under Homeland Security and its ADL-sympathetic Jewish czar, Michael Chertoff.

Thus the net is slowly tightened by ADL and international "anti-hate" laws to bind Christians, thought/hate crimes, terrorism and anti-Semitism into one despised package. This will help fulfill Christ's prophecy concerning His church in the last days: "And you shall be hated by all men for my name's sake." Luke 21:17.

#### **Hate Crimes Tribunal in Jerusalem**

Already in Israel a revived Sanhedrin aspires to become an international legal body capable of such prosecutions. This Sanhedrin was founded in 2004 under the predominant leadership of Rabbi Moshe Halberstam, "a man steeped in the secrets of the Kabbalah." See, [The Sanhedrin Initiative](#). It is now led by Rabbi Adin Steinsaltz, world-renowned Kabbalist and Talmudic scholar.

Recently this Sanhedrin issued court judgments supporting proliferation of Israel's illegal settlements in the West Bank, opposing war

between Israel and Iran, and against Israel's participation in the Chinese Olympics. Convening "as an international court of law," its 71 judges condemned China's murder of dissident athletes and citizens and profit from medical sale of their body parts. Considering itself "sovereign" over Chinese objections, it exhorted China to submit itself to Talmudic Noahide laws, which forbid such behavior. See, "[Sanhedrin Against Beijing Olympics](#)"

The Sanhedrin wants power as an international court like the UN or International Criminal Court. Its ambition is to preside over the whole earth and judge "according to the laws of the Torah" - Talmud. See, "[The Nascent Sanhedrin](#)"

Embodying this sense of prerogative, Israeli Knesset member Rafi Eitan recently suggested that Israel might kidnap Iran's president and bring him to trial in the Hague as a war criminal. See, "[Israeli minister: It's OK to kidnap Ahmadinejad](#)". If the

Sanhedrin's international authority is realized, trial would take place not in the Hague but in Jerusalem. There, the Sanhedrin will attempt to enforce Jewish-created hate laws and Talmudic Noahide law worldwide.

Talmudic laws mandate capital punishment for "idolaters." Sanhedrin 55a, b, 57a. See, [Coming Jewish 'Utopia' Ruled by Noahide Laws](#). According to the Talmud, this includes Christians who affirm an idolatrous "three in one" conception of God and worship the "false prophet" Jesus. The Talmud says Jesus now languishes in hell, writhing in boiling semen - Gittin 56b, and His followers deserve death - Abodah Zarah 26b: Sanhedrin 58a,b.

### Why Protest?

Why should American Christians protest the arrest of Dr. Töben and the violation of international law to which ADL hate laws aspire? Dr. Töben's arrest paves the road toward eventual mass indictment of Christians.

The Bible says Christians will be ruthlessly persecuted someday, with deportations to Israel. Jesus prophesied of His followers that someday evil Jews "shall lay their hands on you, and persecute you, delivering you up to the synagogues, and into the prisons..." - Luke 21:12.

That day will come sooner if assaults on freedom, such as Dr. Töben's arrest, are uncontested.

At first they came for the racists, but I was not a racist.

Then they came for the Holocaust questioners, but I never questioned anything I was told about the Holocaust.

Then they came for bigoted, homophobic Christians, but I was "tolerant" of the gay lifestyle.

Then they came for "anti-Semitic" Christians who believed the Jews killed Christ. But I believe we all killed Christ.

Finally, they padlocked all churches, liberal and evangelical, burned our Bibles, and took us away. No one was left who would hear our cries.
